

Eng. Yasser Zaghloul **NMDC Group CEO**

Dr. Yasser Zaghloul is the Group CEO of NMDC Group, one of the leading integrated energy and marine services EPC organizations in the region, with an established presence across MENA and South Asia. He also serves as Chairman of The Challenge – the Egyptian Emirates Marine Dredging Company.

Dr. Yasser became CEO of NMDC in 2009 with a goal to grow the company and enter global markets. Guided by his vision and commitment, NMDC has merged to create NMDC Group, with subsidiaries including NMDC Dredging & Marine, NMDC Energy, NMDC Infra, NMDC Engineering and NMDC LTS.

Dr. Yasser holds several additional leadership roles and advisory positions. He is a member of the General Board of the Control of Water UAE, member of the Brussels-based World Organization of Marine Construction and Dredging, and General Supervisor and Sponsor for the World Conference of CEDA in Brussels and Abu Dhabi, which covers more than 60 countries worldwide. He is also a member of the committee on the Preparation and Qualification of National Cadres of NMDC in cooperation with the Ministry of the Presidency, Abu Dhabi Tawteen Council, and the National Institute of Vocational Rehabilitation. He champions corporate social responsibility.

Dr. Yasser was recognized among the Top 100 CEOs in the Middle East by Forbes Middle East for the past four consecutive years (2025-2022), and named 'Personality of the Year' at the 19th ShipTek International Awards 2024.

Dr. Yasser holds a Doctorate of Business Administration from Swiss Business School and a Master's Degree in Strategic Management from Cambridge College Global. He is a graduate of the Advanced Management Program at Harvard Business School. He also holds a Bachelor's Degree in Engineering from the University of Helwan in Egypt, finishing top of his class.
